LUCAS MATHEUS

Game Developer • Full-Stack Engineer • Unity (C#) • React • Laravel + Vue.js

lucasmatheus.monteiro8@gmail.com | João Pessoa, PB — Brazil | GitHub | Portfolio | LinkedIn

PROFESSIONAL SUMMARY

Software Engineer with 6+ years of experience spanning frontend, full-stack web, and game development. Currently building gameplay systems and mobile game architecture in Unity (C#) at Fun Mage Studio. Career rooted in React and React Native frontend development, evolved into full-stack engineering with Laravel + Vue.js, then transitioned into gameplay programming — bringing rigorous web engineering practices into game systems design.

EXPERIENCE

Game Developer
Apr 2024 – Present (2 yrs)

Fun Mage Studio Private Limited • Remote

- Designed and implemented gameplay systems, mechanics, and mobile game architecture in Unity (C#)
- Optimized performance for iOS and Android targets, including memory management and frame-rate stability
- Collaborated with design and art teams to deliver features on schedule in an agile workflow
- Wrote maintainable, modular C# code following SOLID principles and scalable game architecture patterns

Full-Stack Software Developer
Nov 2022 – Sep 2024 (1 yr 11 mos)

Freelance / Autonomous • Remote

- Built full-stack web applications end-to-end using Laravel (PHP), Vue.js, and MySQL
- Developed REST APIs and integrated third-party services for multiple client projects
- Worked with TypeScript and Node.js on interactive and data-driven systems
- Managed full project lifecycle: requirements, database modeling, backend, and frontend delivery

Frontend Developer
Feb 2024 – May 2024 (4 mos)

ProConph • João Pessoa, Brazil

- Developed UI features with Vue.js and TypeScript, integrated RESTful APIs in collaboration with backend team

Frontend Developer
Nov 2021 – Jun 2022 (8 mos)

Updown | Soluções em Entregas • João Pessoa, Brazil

- Built and maintained frontend for a delivery-logistics platform using React and React Native
- Delivered responsive web and mobile interfaces consuming REST APIs

Frontend Developer
Feb 2020 – Jul 2022 (2 yrs 6 mos)

Freelance • Remote

- Developed web and mobile applications for multiple clients using React and React Native
- Delivered responsive, accessible UIs and integrated external APIs from project scoping to launch

TECHNICAL SKILLS

Game Dev: Unity · C# · Gameplay Systems · Mobile Optimization · Game Architecture
Frontend: React · React Native · Vue.js · TypeScript · JavaScript · HTML5 · CSS3

Backend & Full-Stack: Laravel · PHP · Node.js · REST APIs · MySQL · MVC Architecture
Tools: Git · GitHub · Figma · Agile / Scrum · Android · iOS

EDUCATION

B.Sc. Computer Science 2017 – 2022
Laureate Education, Inc. • João Pessoa, Brazil
